COMMISSION OF INQUIRY INTO THE

NON MEDICAL USE OF DRUGS

INTRODUCTION

The Commission was established on May 29, 1969, by Order-in-Council 1969-1112. Its Interim Report was presented in June 1970, after public hearings were held across Canada over the previous year, during which over 500 oral and written submissions were received from professionals, organizations and members of the public.

USING THE MICROFILM

The verbatim transcripts of the public hearings are contained on eight reels; the written briefs received from organizations and individuals on five reels.

The transcripts are filmed in chronological order, according to the list on pages 4-6. Each session has been assigned a hearing number by the Commission. The written briefs are filmed in alphabetical order by name of author--organizations on reels 1-3, and individuals on reels 4-5. Many of the briefs were presented to the Commission orally only; these were read into the transcripts, and may be located by referring to the hearing number(s), then tracing these to the list of hearings to identify the reel containing the ones needed.
